

MUHAMMAD ISSA

Karachi • +92 342 1461997 • muhammadissa848@gmail.com • linkedin.com/in/muhammadissa

Full Stack Developer

Results-driven frontend developer with strong full-stack capabilities, specializing in building responsive, high-performance web applications using **React, Next.js, JavaScript**, and modern UI frameworks. Experienced in integrating **RESTful APIs**, handling authentication, and collaborating across teams to deliver scalable, secure solutions. Comfortable working with backend technologies like **Node.js** and **MongoDB**, with a primary focus on crafting intuitive, user-centric frontend experiences. Passionate about delivering clean, maintainable code and eager to contribute to impactful projects through a **full-time opportunity**.

WORK EXPERIENCE

Bright Solutions • Karachi • 10/2025 - Present

Bright Solutions is a technology-driven BPO and software development firm that specializes in business-process outsourcing, call-center operations, lead generation, digital services, and full-stack IT solutions.

Backend Developer • Full-time

- **Spearheaded the backend development** of an Employee Attendance System using **NestJS**, facilitating efficient handling of thousands of daily attendance records.
- **Solved critical connectivity challenges** for remote biometric devices by implementing **Ngrok secure tunneling**, allowing the ZKBioTime hardware to communicate securely with the local backend server without complex firewall configurations.
- **Streamlined attendance tracking** by automating the retrieval of biometric data from **ZKBioTime** devices, ensuring 100% accuracy in employee check-in/out logs.
- **Enhanced data security and scalability** by designing a modular MongoDB schema and enforcing strict validation layers for all incoming API requests.

Mas Tech • Karachi • 05/2025 - 09/2025

Frontend Developer • Full-time

- Built and deployed the complete frontend for **OnlineTeacher1to1.com** using **Next.js, shadcn/ui, and custom CSS**, delivering a fully responsive and optimized design.
- Integrated **REST APIs** for authentication, scheduling, and payments in collaboration with the backend.
- Improved **UI/UX performance and mobile responsiveness**, enhancing accessibility for students and teachers.

Frontend Developer • Internship

- Contributed to internal projects using **React.js** and **Next.js**, gaining experience in modern frontend workflows.
- Collaborated on UI/UX improvements and participated in **Agile development sprints**.
- Learned hands-on integration of **APIs, Git, and deployment workflows**.

SKILLS

Frontend: CSS3, HTML5, JavaScript (ES6+), Nextjs, React.js, ShadcnUI, TailwindCSS

Backend: Express.js, Nestjs, Node.js, Restful API's

Databases: Firebase, MongoDB, MySQL

Developer Tools: Figma, Git & Github, Postman, Vercel

EDUCATION

BS Computer Science

Sindh Madressatul Islam University
Karachi, Pakistan
02/2022 - Present

Web & Mobile App Development

Saylani Mass I.T
Karachi, Pakistan
12/2023 - 01/2025

Pre-Engineering

Hira Public Higher Secondary School
Sukkur
03/2019 - 03/2021

PROJECTS

Recipe App

- Created a responsive recipe app with **React.js and Firebase**, featuring **search, filters, and real-time data updates**.
- Optimized for fast load times and smooth mobile experience.
- <https://perfect-recipe-orcin.vercel.app/>

UnhousedDocs – Document Management Web App

- Built a full-stack web application using **Next.js & Firebase** for secure document uploads and management.
- <https://unhouseddocs.com>

Chatterly – Real-time Chat App

- Developed a **real-time chat app** using **React.js, Node.js, MongoDB, and Socket.io**.
- Implemented **user authentication** and **live messaging**.
- <https://github.com/issabaloach/Chatterly>

ShopApp - E-Commerce

- Built a responsive **e-commerce app** using **React.js and Firebase** with product browsing, cart, and checkout features.
- <https://dynamic-e-commerce.vercel.app/>

Global Music Rater

- A full-stack music marketplace built to streamline digital audio distribution, showcasing a custom direct-to-storage upload pipeline for large files, in-browser audio clipping, and automated revenue management.
- <https://www.globalmusicrater.com>

OnlineTeacher1to1 – EdTech Platform

- Developed the **frontend of a live online tutoring platform** from scratch using **Next.js and shadcn/ui**.
- Implemented **student/teacher dashboards, authentication, and payment flows** integrated with backend APIs.
- Delivered a **production-ready, responsive UI**
- onlineteachers1to1.com
